

DIRECT WALL PRINTING / COMMERCIAL INTERIORS

Turn walls into branded spaces.

Logos. Branding. Art. Murals. Graphics.

Custom visuals printed directly onto your walls.
From design and placement to on-site printing.

Ink applied directly to the wall using vertical printing technology.

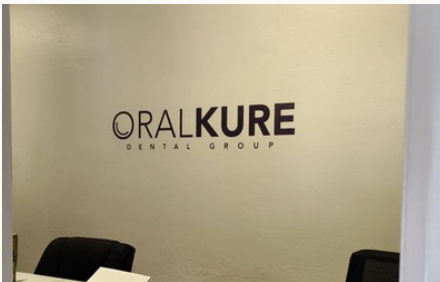

For corporate interiors, hospitality and healthcare spaces.

East Bay based. Serving the Greater Bay Area.

WHAT WE CREATE

Make the wall part of the design.

Your artwork becomes part of the interior. We print directly onto the wall, with no adhesive layer or wall covering.

Logos & branding

Reception logos, identity walls and branded graphics that welcome visitors and express who you are.

Art & murals

Photography, illustration and custom artwork scaled to create a distinctive feature wall.

Environmental graphics

Typography, company stories, mission statements and visual displays for shared spaces.

High-resolution color, black & opaque white

Instant-cure, VOC-free UV inks

Up to 13 ft high. Width and print boundaries planned for the site.

Painted drywall, plaster, concrete, brick and wood walls are evaluated for surface compatibility and site access.

WHERE IT WORKS

Designed for your space. Coordinated with your team.

Corporate & building interiors

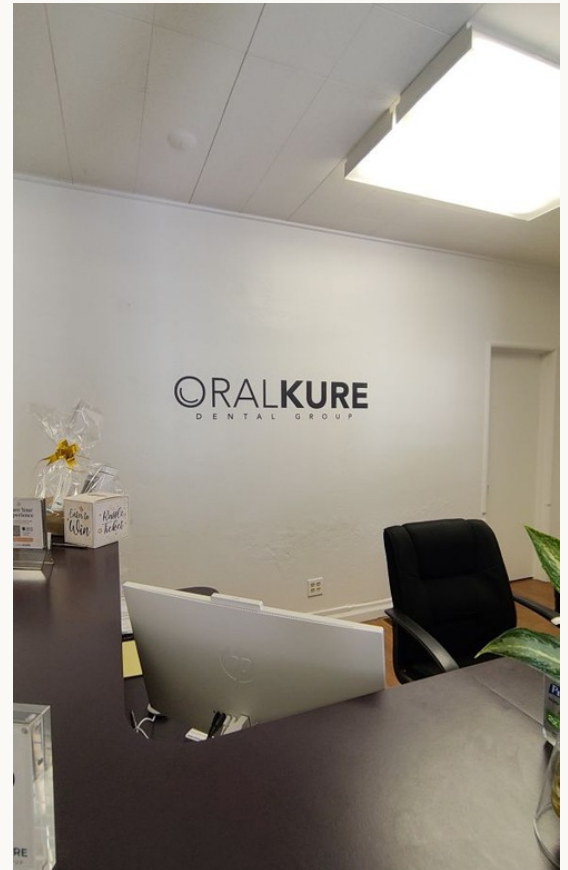

Reception, meeting rooms, collaboration spaces and common areas.

Hospitality

Hotel lobbies, lounges, restaurants and other guest-facing feature walls.

Hospitals & healthcare

Branding and artwork for reception, waiting areas and appropriate shared interiors.

OralKure Dental Group reception branding.

For designers, architects & project teams

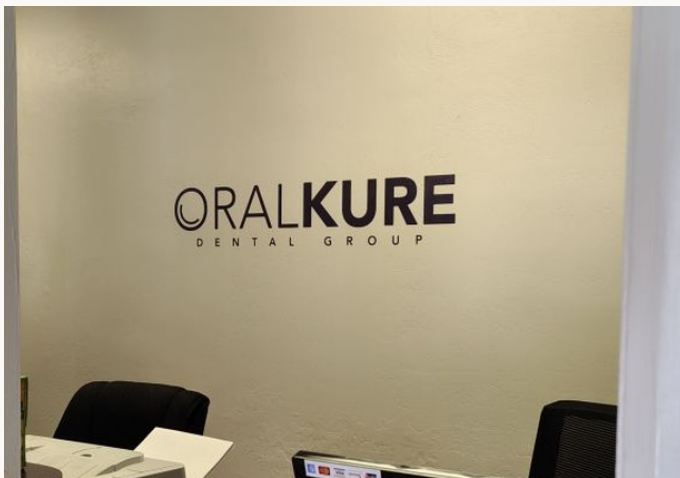

Artwork preparation, placement mockups, surface review and scheduling aligned with your project.

We review wall finish, texture, lighting and access. Share facility access rules, cleaning requirements and target dates early.

FIVE SIMPLE STEPS

From idea to wall.

1

Share your wall

Send a straight-on photo, approximate dimensions, location, idea and target date.

2

Review the site

We assess wall finish, condition, texture, lighting, access and the printable area.

3

Approve the plan

Confirm artwork, size, placement, print boundaries, quote and schedule before production.

4

Prepare & print

Have the wall clean, dry and ready, with the work area cleared. We set up and print directly onto it.

5

Review & care

Walk through the finished work together and receive guidance on cleaning and care.

Surface compatibility, preparation needs and equipment clearances are confirmed during site review.

LET US HELP YOU PLAN IT

Start with a wall photo.

Email your project details. We will review the wall and help you prepare a project-specific quote.

01 Your wall

A straight-on photo and approximate width and height.

02 Your design

Your logo, artwork, idea or brand guide.

03 Your location

Project address, wall finish and any access requirements.

04 Your timing

Target installation date and project schedule.
